

Subject: "Eager Python Full Stack Developer Ready to Contribute and Grow with Your Team"

Dear Hiring Team,

I'm excited to apply for the Python Full Stack Developer position at your company. With a strong foundation in backend and frontend technologies, I bring hands-on experience in building full-stack web applications using Python, Django, JavaScript, HTML, CSS, and React. I'm eager to contribute to a team that values clean architecture, agile collaboration, and continuous learning.

I bring the following strengths to the role:

- Proficient in backend development with Python, Django, and RESTful APIs
- Skilled in React for building dynamic, responsive user interfaces
- Experience with PostgreSQL, optimized SQL queries, and database schema design
- Comfortable with version control using Git and agile development workflows
- Strong debugging and problem-solving skills, with a focus on clean, maintainable code
- Built and deployed end-to-end applications integrating AWS, S3, and authentication systems

I'm passionate about delivering scalable and efficient web solutions, and I'm ready to collaborate with your team to create impactful user experiences.

Thank you for considering my application. I would welcome the opportunity to contribute and grow with your development team. I'm available at your convenience for an interview.

Warm regards,

Sumisha PS
